

Inverter Heat Pump Model R series Air to Water | R290 Monobloc

Technical Datasheet

Tongyi TAHMV10 R Monobloc Heat Pump

Introducing the Tongyi TAHMV10 R Monobloc Inverter air-to-water heat pump, a versatile solution providing efficient heating and cooling with a rated capacity of 11.81 kW (A7W35). Engineered to meet the heating needs of well-insulated residential apartments with a floor area of up to 200m², the TAHMV10 R unit is optimized for your comfort.

Featuring R290 refrigerant, this Monobloc Heat Pump comes with integrated features including Wi-Fi control, an embedded thermostat, and an LCD touch wire controller. It supports a cascade system up to eight heat pump units and offers dual-zone operation for your convenience. The TAHMV10 R is a flexible performer, providing domestic hot water and heating to meet your residential needs.

Designed for outdoor installation, this R290 Monobloc unit is known for the simplicity of installation, reliable water system connectivity, and straightforward maintenance. The unit's standard configuration includes an IoT feature, enabling remote management of after-sales concerns and providing convenient access to efficient, renewable heating.

Elevate your living experience with Tongyi's TAHMV10 R Monobloc Inverter Heat Pump — a perfect blend of innovation, efficiency, and convenience.

Certified Excellence: Our products hold a variety of prestigious certifications, including CE, LVD, EMC, RED, ErP, ISO, RoHS, and SG Ready. They are also eligible for subsidies such as BAFA (Germany) and ISDE (Netherlands).

Intelligent Control System

- Automatic defrosting function
- Precise temperature control function WIFI
- Control app + touch-screen LCD controller
- Ultra-low temperature technology
- 24-hour IoT after-sales support system

Eco-Friendly Machine

- R290 refrigerant
- Air source heating
- A+++ energy efficiency
- PV Ready function
- Smart Grid Ready function
- Energy consumption monitor (Optional)

User-Friendly Design

- Monobloc Unit Easy Installation & Maintenance
- Noise Reduction
- Heating, Cooling & Domestic Hot Water Functions
- ISupport cascade system (up to 8 units)
- Double Zone Control
- Floor preheat and dry-up
- Automatic Disinfection & Sterilization
